STAT

DATA BASE OF UNAUTHORIZED DISCLOSURES TO  
PUBLIC INFORMATION MEDIA

1. The Director of Security is responsible for maintaining a centralized Data Base of Unauthorized Disclosures of intelligence information to the press and other public information media. In order to ensure that this data base is complete and current, the assistance of all Agency components and employees is needed.
2. All employees are requested to report immediately any information coming to their attention suggesting that an unauthorized disclosure of intelligence information has been made to the press or other public information media, including the appearance in such media of information they believe is derived from classified intelligence material or information involving intelligence sources and methods.
3. Reports of such unauthorized disclosures will be submitted to the Director of Security and should include: identification of the medium, e.g., the name of the publication in which the disclosure occurred, the title of the article, and the publication date; a copy of the article, if available; a statement whether the disclosure involves a HUMINT, COMINT, or PHOTINT source; and any analysis of the disclosure, especially with reference to potential damage. The Director of Security will promptly notify the Assistant for Public Affairs to the DCI of all such reports. It is important that reports of such disclosures be made promptly, in order that the Office of Security may take appropriate action in timely fashion.
4. Any questions pertaining to the reporting of unauthorized disclosures or the maintenance of the data base may be directed to
